WHAT IS THE REAL STORY BEHIND EPSTEIN BECAUSE I THINK PETAFILES WERE A COVER STORY USED TO REMOVE OUR FOCUSE FROM HIS REAL AGENDA'S

The Secret Program That Built the Internet (Epstein, Harvard & DARPA)

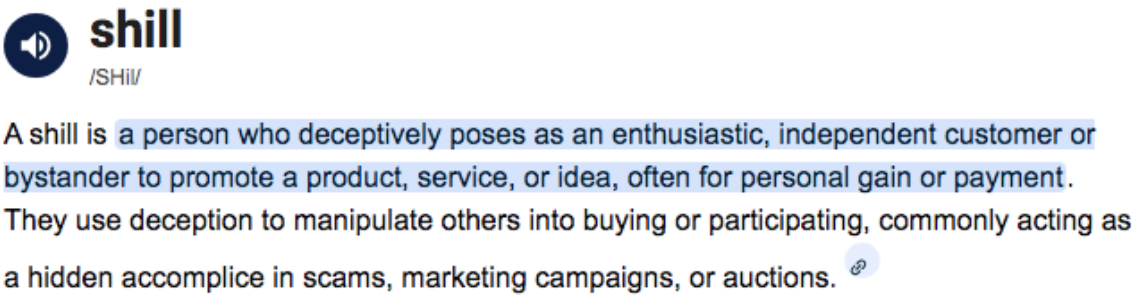
As a young woman, I was working for a company who tried to traffic me into the glitz and glamour world of the rich and famous where beautiful young woman were being used to dress up famous people by associating with them at different events and by using their bodies to climb the ladder, so to speak. These women under Epstein were offered Victoria Secret modeling jobs etc. I never believed the story that Jeffery Epstein was trafficking in young girls as his soul worth in the world of the rich and famous. I could tell listening to Jeffery Epstein himself that what was going on in his world was much bigger than trafficking beautiful woman into the system for blackmail purposes.

I am a digger who never takes what I hear online for it's face value or as accurate information. I think the peta file data on Epstein was a way they thought they could take down Epstein but had little to do with what Epstein was really engaged in.



shill
/SHil/
A shill is a person who deceptively poses as an enthusiastic, independent customer or bystander to promote a product, service, or idea, often for personal gain or payment. They use deception to manipulate others into buying or participating, commonly acting as a hidden accomplice in scams, marketing campaigns, or auctions.

People ask questions like why was Epstein allowed to teach in colleges and be hired on by wealthy elites for other powerful jobs. Where did he get all of his money and whom did he work for at the top. I have one answer. He was a brilliant EVIL DEEP STATE SHILL for the NWO. He was being using to install the New World Order agenda's. All of his employers were associated with the DEEP STATE in one-way or another. This is why he is untouchable and why the names of those he associate with are so important.

Here is the second video by Attorney **Ron Chapman** that gives you a look into what Epstein was really into and why

he is being protected. The Shadow Government and Military are in his pocket.

One of the DEEP STATE goals is to use methods to control people and change the way they think by using the Internet and social media sites. They use them to change the way people think just like they use the spread of a virus to make people sick. THEIR AGENDA'S ARE THE VIRUS BEING SPREAD ON THE INTERNET!

Mark Twain said: "A lie can get half way around the world before the truth can put their shoes on.'

They find ways to connect people on social media into polarized groups shutting them off from the people around them who think differently. Notice how our colleges are becoming polarized with the DEEP STATE AGENDA'S. We need to STOP AND ASK the ; who when what where and why questions as to how this is all happening. WHO IS TEACHING DEEP STATE POLARISED THINKING in our schools?

Swearing is an example of a virus that was unleashed. Not to long ago people did not swear in public, generally speaking, for many reason, after all it is offensive language that initiates anger and hatred. To over come that these virus adjusters began to add swear words and used people who swore on social media site on a regular basis. Now even so called Christians are swearing because swearing is a common practice online. "If he can do it so can I."

Epstein was a big part of developing these social media virus's.
